

THE AUTHENTIC THAI experience

The food... KINNAREE THAI RESTAURANT & TAKE AWAYS

Eating a meal is something of an adventure into the unknown. Few flavours are instantly recognisable except perhaps for the bite of chilli. Fresh tastes of lime and coriander are ever-present and perhaps ginger and a suggestion of basil can be singled out. But the salty fish-like flavours cannot be easily identified nor can diner identify the aromatic pods, roots, stem and leaves floating in flavoured coconut-based curries.
